

HOLLAND TOWNSHIP SCHOOL DISTRICT

Mrs. Stephanie Snyder, Superintendent/CSA

908-995-2401
www.hollandschool.org

February 14, 2019

Dear School Community,

Our school system is committed to protecting student, teacher, and staff health. To protect our community and be in compliance with the Department of Education regulations, the Holland Township School District began testing our schools' drinking water for lead.

A copy of the full test results is available in our central office for inspection by the public, including students, teachers, other school personnel, and parents, and can be viewed between the hours of 8:30 a.m. and 4:00 p.m. and is also available on our website at www.hollandschool.org. For more information about water quality in our schools, contact Brian McCarthy at the Holland Township School District Business Office, 908-995-2401.

For more information on reducing lead exposure around your home and the health effects of lead, visit EPA's Web site at www.epa.gov/lead, call the National Lead Information Center at 800-424-LEAD, or contact your health care provider.

If you are concerned about lead exposure at this facility or in your home, you may want to ask your health care providers about testing children to determine levels of lead in their blood.

Sincerely,

A handwritten signature in cursive script that reads "Stephanie Snyder". The signature is written in black ink and is positioned above the printed name and title.

Stephanie Snyder
Superintendent
